A technical illustration of a brake master cylinder, a dark cast metal component with a central reservoir and two side ports. A light blue piston rod is visible inside the reservoir. Two callout lines point to the mounting flange: one to the top left corner labeled 'M10x1,25' and another to the bottom right corner labeled 'M10x1,25'. A third callout line points to the bottom left port, labeled '1/8" Gas conica'.
